Best Value For Fifth Edition--beware pagination

By Casimir

This is a facsimile of the 5th Edition Nieto & Bode book, put out by Pearson Custom Publishers for university classes, rather than by Allyn & Beacon--so it is way cheaper (I know it is 5th edition as it gives that information on page three, and it was published in 2008, a year after the 5th edition's 2007 publishing date). As such it has no bells and whistles It is in black and white, but the text is here. It doesn't have a preface, and the text has some funky pagination after p366. Chapter Ten follows Chapter Nine, but somehow, pagination diverges by 40 pages, even as the chapters remain the same. So, weird... Anyhow, for \$8 used (rather than \$60 second hand for the A&B text) that I paid for it, it is good enough for my uses.

Won't work for graduate courses

By stuck

I bought this as a cheaper alternative to the original for a class. However, it did not provide a fraction of the necessary information needed to pass the quizzes, complete assignments, etc. I ended up having to buy the complete version anyway, plus Amazon won't allow you to trade this version back in at the Textbook Trade-In site. So I guess I am stuck with it now.

Ok, but Not Complete Textbook!

By Ricki Reckless

If you only need to read chapters 1-5 this will suit you just fine. However, chapters 6-10 are missing. (compare this one to other editions and you will see you're missing ALOT) Product description didn't mention that.
