AFTERLIFE: UNCOVERING THE SECRETS OF LIFE AFTER DEATH BY BARRY EATON PDF

A psychic intuitive answers all the most common questions about life after death, along with remarkable firsthand accounts

Based on his own amazing experiences of life between lives and his numerous communications with those who have passed over, Barry Eaton answers the questions about the spirit world that everyone is longing to ask. He discusses what happens when someone dies: what it feels like, what the tunnel experience is all about, and whether there is any such thing as a life review. He also offers answers as to why some people find it hard to leave places and loved ones behind, how those who die in accidents and other sudden deaths fare, and how our grief impacts those who have passed on. He further explains how those who have passed over see time, why they return to their soul families in spirit, whether they reincarnate, and if so, what input they have in their life to come.

Something to Ponder During-life

By Brizdaz

Barry tells of his memories of a previous life as a young British soldier named Brian, who was killed on the battlefield of Somme, in France during WW1 and his memories of just what he encountered on the other side in preparation for being reborn into his current life as Barry Eaton.

Having met, and listened to Barry host his radio show over the years, I can personally vouch for the sincerity of this man.

He asks some big questions and tries to supply some big answers.

Whether you believe Barry's memories of the Afterlife to be true, or just delusions, I'm sure you will still enjoy the adventure...and it will give the reader much to think about.

I thoroughly enjoyed this otherworldly adventure.

To Life!

Great Book!

By MaryAnn

This book will give hope, alleviate fear, and provide comfort for anyone who has questions or concerns about life after death.

Barry Eaton's concept of the soul as information is interesting. A brilliant investigation of the fascinating and crucial issue of what happens when we die. It is an inquiry conducted on the basis of scholarship and reason and it provides a convincing answer that is explosive in its impact. I thoroughly enjoyed the book.

I am really glad that I read this book. I love the idea of someone trying to approach the question of life after death with all of the information, observations and logic that we have available to us. Overall there is definitely something to gain for all audiences reading this book, I would recommend highly.

Matches Dr. Michael Newton's Afterlife Account

By NicoleR

Loved the book. I've read many books on the afterlife my favorite being of course Dr. Michael Newton's "Journey of Souls". That being said, I had to write this review so that you'd know it kind of goes with Newton's theory of the afterlife. I bought the book because I heard Barry Eaton on coast to coast am. He was witty and he has a cool Australian accent. It's a really easy read and excellent for the skeptics out there because it's follows what happens to Brian (Eaton's own past life). Also, it gives what I love - vivid descriptions of the afterlife!
