The Closest Thing to Having Your Baby's Name Fall Down From Heaven

Stressed out about finding the absolute, positively, best and most unique name for your baby?

This book will help you find it.

Inside are over 10,000 baby names with meanings that will touch your heart and bring joy to your family.

However, sometimes it's a little boring to read through a huge list of names.

Lots of Lists

The names are also presented in bite-sized chunks such as celebrity names, names popular in the 1980s, and many more. Over 300 lists are included to help narrow down your name selection so you don't get overwhelmed.

Have a Good Time Selecting the Right Name!

This comes really handy!

By Maureen Garrett

Wow! I have never seen a list of baby names as thorough as this. The book truly aims to address every parent's dilemma or anyone who is having a baby and having a hard time deciding on what names to pick for their babies. Names were pigeon-holed into a wide range categories, so many that the lists seem endless. There were also some tips on what to remember when choosing names like last name matching, the length of the name, acronyms and rhyming. This comes really handy!

I enjoy the book because it does take you through the ...

By Dennis R.

I enjoy the book because it does take you through the decisional process to pick a name for your baby. I went through this difficult process with one of my daughter. It was hard to make our minds to decide for our

daughter's name. The author's 20 years' experience definitely makes a big influence with this book. Also the author teaches a lot of how to make the process fun instead of an stressful one. One of the best advice of the book is not pick the same names like everybody else and to learn to be fun and original in the process.

Awesome names for baby's

By Klyzelle Myrs

There are a lot of choices of names given by this book and I really like it. I don't have babies yet, but I am wondering what name I would give to my first baby in the future. I also learn from this book the meaning of my friend's name. I thought it was a normal name but it means hope. After reading all the choices of names here, I am really inspired by inventing names and soon to be used as my baby in the future. But the main reason why I choose to read this book is to know the meaning of my name. I am really excited about what's the meaning of my name but its not there. I know for the first place that it's really hard to find my name because its the combination of my fathers name and mother.
