...Even if you're broke, living with your parents, or "shy," this book is for YOU!

By Dan McDaniel

"Conversation Casanova" by Dave Perrotta is an incredibly informative and captivating read. When I originally downloaded this book, I only meant to skim through it real fast (to get a quick "sneak peek," if you

will) with the intent to read it in its entirety later, but I was so captivated by the Introduction that I actually ended up reading the first 20 pages!

The author's conversational style (in a book about conversation!) really pulled me in and made for a great reading experience. In addition to being well-written, this book is also incredibly practical and useful to a wide range of men--regardless of your race, your income, or your level of physical attractiveness. In fact, my favorite quote from this book is the following:

"...You don't need to be rich, great looking, or have a great job to meet and attract women... But you DO need the right mindset... You can LEARN how to use conversation to get women irresistibly attracted to you and thinking about going home with you... minutes after first meeting you."

And that mindset is exactly what you will learn to cultivate while reading this book. Whether you're broke, living with your parents, or self-identify as "shy," this book will give you the foundation to master social dynamics and become the kind of man who attracts any woman he wants!

Meeting the woman of your dreams starts with a conversation... this book helps you approach confidently.

By David Anderson

When it comes to dating advice, there's no one that explains it more directly and effectively than Dave Perrotta. I remember when I started reading his blog, I just graduated college and felt absolutely helpless with dating now that I was out in the "real world". However, Dave's content introduced me to a new way to look at life and attracting beautiful women.

As soon as I heard this book was released, I downloaded it immediately and dove right in.

Needless to say, I was not disappointed with the action-packed, realistic tips I could apply to my life right away. After reading this book, I feel more approachable and prepared whether I'm out at the bars, or walking around my neighborhood during the day. I feel more confident. And most importantly, I'm meeting and dating some incredible women in my life simply by starting authentic conversations with them.

Meeting the woman of your dreams starts with a conversation, and Conversation Casanova will help you bring out the best version of yourself to speak confidently and smoothly.

I had doubts that I would be "flirting like a pro" after finishing this book... but boy was I surprised.

By George Gray

I've always been lost for words with women, so when I saw this book was specifically on how to structure conversations with women I was intrigued.

One of the main takeaways for me was how to effectively structure a story to make it more interesting. I knew that I had some interesting stories to tell but always struggled on how to explain them in a captivating way. The author gives you a solid structure for story telling and then demonstrates it in his own writing.

I'm already starting to feel more confident due to this new info. I have been telling the same stories that used to bore and now I'm getting some good reactions from women!

If you are looking to improve your conversational skills this is definitely a **MUST READ!**
