Review

From the book reviews:

“This is a great reference for everything related to eye pathology. ... this book will most likely serve as a reference for general pathologists or pathology residents. However, because of its thorough nature, it also may serve as a review for ophthalmic pathologists. ... a great book for practicing ophthalmologists who want to delve into the pathology of the diseases they treat. ... It is easy to use and well organized, so finding what you need is easy and quick.” (Alan P. Martinez, Doody’s Book Reviews, April, 2015)
