Terrorist Behavior

By Dr. Michael Toney

Professor Lutz's and authors of Global Terrorism provided foundational materials for professional and academic researchers, as well as the layperson with interests in understanding terrorism today. For me this book was important because it provided an additional point of reference to my research on terrorist organizational behavior and leadership Terrorist Organizational Behavior(ISBN-13: 978-0615687391). The case studies were enlightening and helped to highlight the importance of this type of work. I recommend this book to those interested in the behaviors of individuals and groups involved in terrorism.
