The missing dimension in weekly sermons around the USA. ...

By Lawrence Rayburn

The missing dimension in weekly sermons around the USA. God, the Lord Jesus the Christ, IS the Ancient of Days....and created

the stars of the universe around us. He placed them in the night sky in patterns for the purpose of teaching the Gospel to mankind

through all the ages. This is not concentrated on in seminary schools....so the fledgling preachers can't pass on this vital information

to their congregations.

I give these books to preachers I know to broaden their knowledge of God and to inspire them to teach their congregations.
