great learning tool

By S.A

I am a first year law student and I would recommend this book to anyone that is studying law as a matter of fact I have the law express series both the revision and Q+A for contract law, English legal system, public law (constitutional and administrative law) and criminal law . these books are a great aid to my studies. They make it so much easier to understand the course. The question and answers are superb with the diagram at the beginning of each question totally makes sense in helping to plan the essay.
