This vision improvement method works.

By A Customer

A great book full of detailed instructions. I have used Janet Goodrich's method in conjunction with the Cambridge Institute Vision Program and have had very good results. My vision has gone from 20/400 to about 20/200 so far and I plan on saying goodbye to my glasses someday. A life enhancing book that is easy and fun to read.

Worked for me

By P. Kielland-Lund

This is an excellent book, and it worked for me. I went from being near sighted and needing glasses to 20/20 vision (to the amazement of my eye doctor). I have also been bothered with light sensitive eyes since my childhood, and my eyes are now comfortable even in brilliant sunshine.
