Truly inspiring story

By Sheila

This is truly an inspiring story that I would recommend to ages 10 through adult. It is a true story of a young man that through his faith and determination overcame a devastating accident that changed his life forever and that many would have never survived. There is a lesson to be learned here for all. I laughed, cried, was humbled and amazed by the struggle this man had to endure. I have twin granddaughters that just turned 16 and are ready to drive and I can't wait to get my copy to them to read. An excellent read and an excellent job by the author. Looking forward to the continuation of this story.

The power of Never Surrender: A Champion's Fight

By Marnie R. Gloor

Davidson offers story that could be cliché, yet due to the unique point-of-view, insightful storytelling and fully developed characters (obviously the author knew the hero) in Never Surrender, the book becomes one

of a triumph, an inspiration and a thought provoking tale of life's twists and turns... proving once again that "Life is 10% what happens to us and 90% how we react to it."
