All You Need Is Love

By Erani Kole

received an ARC in exchange for an honest review

Awww!!!! I was thoroughly disappointed with Kyr in the last book because of his mistakes, but he made up for it and then some in this last installment. The writing was great and flowed so well, it swept me away before I could complain about wanting to see Kyr suffer. And then I wished I hadn't. This author owes me a new shirt.

This series has been such a trip, dealing with young marriage and struggling with a career, being a mom to four kids, DEALING *glares at Kyr* with second thoughts on a relationship you started out with a lie vs one that bloomed from childhood. Polly 3 mostly dealt with what happens after the cheating, and it made me so sad to see Pollyanna struggle with what was the right thing to do for her kids. I did get annoyed with her but I couldn't blame her, and I couldn't blame HIM either because he'd already suffered enough. (I blame the kids. curse your cuteness).

The story wrapped up nicely with a sweet touch that you can only really get with having children and a mother who's just as innocent, if not naive, about the way the world works. And the ending proved that it didn't matter what anyone thought; as long as their children were happy and love continued to flow, it was all that mattered.

I recommend this to those who love a good romance that isn't at all perfect except for when they're in each other's arms. I loved the character development from the other installments, and the drama of juggling a career with family. I absolutely adore the twins and their insightfulness. The ending was amazing, but I must say, I sense a trend of exhibitionism in the epilogues.... yaaaaas.

Oh, and for those who get squirmish with sex, it's only in the last chapter. And the epilogue. *sings* B-I-N-G-O.....

Wonderful rollercoaster ride!

By N. Pedescleaux

Wow, where to begin? Okay this book picks right from the last one. So if you haven't read the others I suggest you go do so now. You wouldn't want to miss the story up to this point.

Ok I will admit that from the first chapter in this book I was boohooing like a kid that was told that would be no presents for me this year. Yes it was that serious. Polly, my heart goes out to you, that poor girl was hit left and right like she was in a pro boxing fight. She struggled on for her kids and for that I admire her. Now Kyr, I admit did a idiotic thing, but come on he is a guy, (sorry for guys that read this. To give him props he did FINALLY realized how he been treating her and his feeling for her.

This book is all about them working out the personal stuff in themselves and then coming together to make it better. After he did a lot of searching and a wonderful apology scene. (one of my favorites that, had me crying AGAIN). I would definitely recommend this to everyone.

This has to be one of my favorites series of all time. Kudos to you Ms. Marian Tee, for making me cry Twice! and I did love the scenes where you made laugh so much I almost started crying again. Case in point, "snapchat? I should slap him and make them chat about it." LOL! love it!

was given a ARC in exchange for an honest review.

*I am gonna buy it a give to a friend to read because it just that AWESOME!

Keep up the good work!

BINGO is a Fun Game Again!!

By Ara the Booksnake

This is the first review I'll be writing in a long time so you'll have to excuse how informal it will be.

Okay, where to start? I finished reading this book not 3 minutes ago and my eyes are still puffy. Oh before I forget, I'm in the office right now. My co-workers think I'm insane for crying like a lunatic while immersed in my e-reader, but I couldn't care any less. I loved this book so much. Correction: I LOVED THIS SERIES SO MUCH. Marian made me cry, she made me laugh, she made me think about my own child, she made me think of I'll be if the same thing happened to me, and she made me see BINGO in a whole other light. Seriously? Whilst playing BINGO? I never would have thought about that.

Kyr and Polly have changed so much in this book. Kyr for the better, Polly--well, it's somewhat understandable why she is the way she is. There's a lot of pain and heartache in this last installment of the series, especially when Dio and Ella are acting all grown up to protect their mother. I think in all of Marian's series, except The Rockstar and His Fangirl, I cried to this the most. By now I'm used to this sadistic streak of my favorite author, but I love her nonetheless.

Marian never fails to deliver fresh, entertaining, and amazing stories. I have all her books and I have vowed to never miss a single one. Keep it up, Marian. We love you!!!
