Can you say wow... Trinity puts the heat in menage. There isn't one of her books that I didn't like. she will always be one of my fav authors.

demon,god-like, lycan, talking about a girl having her hands full. Not only does Tabatha have to deal with being mated but she also has to deal with the fact that an old enemy has come back to kill her. There was times that I wanted to hug Tabby as well as strangle her. (laughs) But you have to be in her corner, with all the crap that is thrown at her, I was very surprised she was able to keep it together as well as she did. The males in her life will have to learn to protect her without smothering her.

I enjoyed each character and felt they just added their own personality to the story. With enough background you can get a feel for their personalities. Almost perfect length loved it. A bit sass and lovin, passion and smoking scenes. Get into the spell that Trinity has weaved. I loved it and cant wait for the next one. Hurry Trinity get to writing Lady! :) Enjoy

That was definitely a very different read!

It had me hooked from the very beginning to the last page! And then some....

I was laughing and fanning my self, alternately.

I absolutely loved Tabatha's sass! She is simply AMAZING! I enjoyed reading that book very much!

I cannot wait for book 2 to come out!

Great start to the series!

I'm never disappointed by a book by Trinity Blacio. This book is the first in, what I hope is a long series of fantasy menage books. The main characters are Tabatha (a human), Wol-itelm, Hoyt (an alpha were-wolf), and Chax (a demon).

Tabatha has had some bad experiences in the supernatural world, having lost her immediate family by what seemed like a freak accident but was actually a homicide. She is still curious about this other world however, and has tried to learn what she can through her friends and going to a bar which caters to the supernaturals, but her life is in danger and the people who killed her family want her dead too.

It does seem unfair that the men knew about their mate long before the woman knew them, but it gave them time to love her from afar.

The characters were three dimensional. I loved Tabatha and how in touch to her emotions she was. She was compassionate, caring and empathetic, and when it came time to falling in love, she loved with her whole heart. Tabatha also had to learn to fight for things and people she loved. She didn't have everything go her way, and life wasn't exactly easy for her. Who has their car get stolen and fired in the same day? But those kinds of things make the story worth reading and watching the characters we love overcome their challenges makes the story more interesting to read.

Overall, I found the book enjoyable and well balanced between the sexual attraction and action. I loved learning about this paranormal world. I can't wait to read the next book in the series.
