Boy, when they say easy...

By J. Xie

They mean chopped down and so basic a monkey would have no trouble learning these tabs. The author went for such simplicity that the songs are barely recognizable. Do yourself a favor and buy the REAL tabs. Complete waste of money.

this transcription is terrible. If you are a 4th grader this might be appropriate. But if you are a 4th grader you probalby shouldn't be playing these songs. This is just a basic melody line, the chord changes are not even accurate. Not useful for this kind of music.
