REVERSE COWGIRL BY JADEN WILKES PDF

** 18+ for adult situations and language. Ok, let's face it, this book is chock full of dirty sex! If you don't like hot scenes, wild humping action and sexy descriptions that will make your nether regions tingle, then this isn't the book for you! If you happen to love a great story with just enough filth to get you off, then this is the one handed read you've been looking for!

Danny and Jake were high school sweethearts with the perfect relationship. Everyone knew they were destined to marry, have babies, and take over Jake's family ranch. Everyone but Danny.

Seven years ago she packed her bags and fled town in the middle of the night without saying goodbye. Jake was heartbroken and vowed to never fall in love again, leaving a string of broken hearts in his wake. Danny convinced herself that life in the city was all she ever needed, she almost convinced herself that Jake was out of her veins.

Now she's back, ready to rediscover her old life, setting her sights on the tall, handsome cowboy she left behind. Can these two find their way back to each other and have a second chance?

Lives will be changed, feelings reignited, and passions rekindled, but will it be enough?

Sweet story

By mary tatar

I have to say this was a pretty sweet read for me. I actually ended up reading it in one night. I loved the two main characters Jake and Danny, their small town love story was so endearing. I enjoyed reading about them.

Danny and Jake were high school sweethearts, Jake was two years older than Danny. Everyone was expecting they get married, but Danny wasn't ready for that kind of commitment. She wanted to get of their small town and experience big city life. She ended up leaving one night without even a goodbye. Jake was devastated and it changed him. All he ever wanted to do is forget about Danny. Danny ends up coming back to town after her relationship and job ended. It was a fresh start for her. Seven years have passed since she has seen Jake and she is scared to death. Will they finally have closure? Has Jake forgiven her? Will they finally get their happily ever after or does Jake have other plans for Danny?

This book had so many sweet moments it will make your heart melt. I enjoyed reading about these long lost lovers reconnecting. Their feelings never faltered. They both just lived their lives never forgetting what the other meant to them. Not only is this a story of loving and losing you first love, but also finding them again and moving on. I love how very protective and understanding that Jake was with Danny. Once he found her again there was nothing that was going to stand in his way. Danny was so sweet and caring, but independent and strong at the same time. They both come from wonderful families and have strong values. They have some road blocks in the story, ones that neither could of suspected. Their story was very captivating, I was rooting for them through the entire book.

I am so glad I got the opportunity to read this light and refreshing story of loving, losing, and finding that love again. I would recommend that if you are looking for a sweet story with a heroic cowboy then this is the book for you. Seriously who doesn't like cowboys.

Brought back fond memories

By Jburns731

From the very beginning, I was enthralled with this story line. It brought back such bittersweet memories of my own high school love. I haven't thought of him in a long time but when I started reading this book, I was transported back to the age of 17 and was madly in love, all over again. The memories brought back were welcome, even if a little painful. I loved reliving those days, every minute of it. I love books that can touch my life so deeply, so profoundly, like this one has! Kudos to the writer; she did an excellent job of drawing me in and helping me connect with the characters on a personal level.

Thank you.

Enjoyable read

By MsRomanticReads

Considering my first Novel by Jaden Wilkes was a dark erotic romance, I was surprised by how mainstream this story was. Pleasantly surprised, I might add.

For most of the story, I liked Danny's confidence despite her nervousness of seeing Jake again. She had the right blend of boldness mixed with a little bit of vulnerability.

Jake seemed stoic whenever we weren't privy to his thoughts. I loved that he could still feel tied up in knots around Danny.

Their history was presented in small doses through their memories of happier times, so I believed the love they once had for one another, but I also understood Danny's struggle with having to choose between getting out of her small town and becoming Jake's wife versus spreading her wings.

It didn't come as a surprise that Jake was seeking a little payback for what she'd done to him, but it showed his maturity that he was able to reel himself in and not go the route of an eye for an eye. In the seven years they'd been apart, I think their chemistry was even stronger since they'd both lived through some heartaches. I liked the glimpses of them when love was still young and untainted, but I also enjoyed their journey into becoming who they were as adults.

Their road to happiness wasn't a smooth one. Between Jake's ex-wife and Danny's ex-boyfriend, they stirred up enough trouble to threaten the newly formed relationship. Somewhere past the half way mark, I began to dislike Danny a little for keeping Matt's texts a secret from Jake. I understood why she did it, but it just

seemed like a weak excuse considering she'd been so firm and confident up until that point. I thought the unfortunate misunderstandings through lack of communication were a bit forced when they could have easily been cleared up had they talked to one another. I just felt that they were in a stronger place to deal with problems when everything went down. Alas, I have to admit that the drama made for a sweet and ridiculously romantic ending though.

Reverse Cowgirl (I love the play on words alluding not only to the sexual position, but also the essence of who Danny was - from cowgirl to city girl and reverting back to her roots) was a sweet and very hot romance with a bit of suspense and drama to make you care about them. And it kept you hoping that they'd realize what a gift that second chance at love was.

Note: The book had quite a few errors (tenses, homophones). I purchased my copy in June 2014. maybe it has since been updated.
