Buy the actual book with binding

By Love Me Some Amazon

I bought this book knowing it was loose-leaf, which I thought would be beneficial such that I could take certain chapters with me to class. However, it was a mess when it came to studying and referring to certain sections of the book, papers out of order, etc. So, if you're a student, the money saved is not worth the grief, in my opinion. Get the regular textbook.

By Kendall

I was not aware that it was not a binded book and then all of the perks that come with the text like the cd and workbook was not included.
