# THE COLLECTED POETRY OF W. H. AUDEN. BY WYSTAN HUGH, AUDEN PDF

"Between 1927 and his death in 1973, W. H. Auden endowed poetry in the English language with a new face. Or rather, with several faces, since his work ranged from the political to the religious, from the urbane to the pastoral, from the mandarin to the invigoratingly plain-spoken. This collection presents all the poems Auden wished to preserve, in the texts that received his final approval. It includes the full contents of his previous collected editions along with all the later volumes of his shorter poems. Together, these works display the astonishing range of Auden's voice and the breadth of his concerns, his deep knowledge of the traditions he inherited, and his ability to recast those traditions in modern times."

Most helpful customer reviews

1 of 2 people found the following review helpful.

Recommended by Alexander McCall Smith

By Kay L. Baker

Alexander McCall Smith recommended Auden in one of his Scotland Street books. I read up on Auden and decided I would take AMS's advice and read his poems. They aren't light little ditty's and require some pondering. I recommend this book as a break from whatever fiction novels you've been reading lately. I wish I could find an audio version.
