Review

"Millions of people on every continent of planet Earth, regularly coming together in ecstatic trance-dance celebrations held and energized by pulsing electronic beats, are having the deepest spiritual experience of their lives. In this thoroughly fascinating study, religious scholar Robin Sylvan makes a convincing case for regarding the global rave culture as an authentic expression of a unifying spiritual vision that integrates across all languages, religions and nationalities. Reading this book, as well as going to a rave, will leave you inspired and hopeful for our sadly fractured world."

-Ralph Metzner, Ph.D., co-author of "The Psychedelic Experience and author of "The Unfolding Self

About the Author

Robin Sylvan, Ph.D., is the founder and director of The Sacred Center, a nonprofit educational organization in the San Francisco Bay Area. He is the author of *Traces of the Spirit: The Religious Dimensions of Popular Music*.

7 of 9 people found the following review helpful.

Hard to read, even for non-fiction

By M. Thome

I love trance music. I love non-fiction reading. But I didn't really enjoy reading this book. Its really more of a longer thesis than a book. The beginning of the book is actually very very compelling, giving a history of how raving began, and how it unites many together.

I didn't finish this book. I got about 80% through and it got weird. The general feeling of the book changed greatly. Focusing more on spirit-ism and good vs evil spirit vibes. In addition the interviews were often times

duplicated or only partially re-quoted as the book continued on. Sometimes even the short interjections from the author repeated.

Overall, if you are looking for a new way of looking at religion or music even, you may want to pick this book up, (it's kinda pricey for only ~180 pages) but if you are looking for information about raves / electronic music, or even a brief history of said music, look elsewhere.
