The conclusion to a series with a twist!!!! I love it!!

By Ginni

The conclusion of Amity Cranes story is exhilarating and thrilling. As Amity continues to fight for her friends and her freedom from the Red Light District she is faced with the reality of her new life and the life she thought she wanted. Famke, Valentina and Betje are back with a vengeance and will stop at nothing and risk everything to tear Luuk apart from the inside.

I loved this book. The series was captivating with the way Yolanda draws you in to the life of a woman in Amsterdam with a debt to be paid.

Suspended, on edge of your seat story.

By Charlotte Isaac

The last book of Amity Crane. What can I say? Wow didn't go as i thought. We join back up with her after Theo turned up at Luuk's courtesy of Kerstan, Amity is still fighting for her freedom and her friend;s freedom from red light district. Will she be able to? Will she escape with Theo? Or will she be forever stuck as the highest paid prostitute of Red light district. This story has you on the edge of your seat from beginning to end and gasping at the end. This series is amazing.

I was excited for this book and was waiting for it. I wanted to find out what happened to Amity and the rest of the girls. Now, I'm sad because this is the final book to an awesome series. The story is a quick read, but omg...it was that Yolanda flare that I love. Amity must decide what her next move is. Will she see Theo, will she escape the red light district or will it claim her.
