Any book Viking Raid: A Robert Fairchild Novel By Matthew McCleery will provide particular knowledge to take all perks. This is just what this Viking Raid: A Robert Fairchild Novel By Matthew McCleery tells you. It will include even more understanding of you to life and also function far better. [Viking Raid: A Robert Fairchild Novel By Matthew McCleery](#), Try it and confirm it.

## **Review**

"Viking Raid is a gripping novel about the shipping travails of Robert Fairchild and their surprise ending. It begins where Matthew McCleery's first book, *The Shipping Man*, left off but you can enjoy this one without having read its predecessor. Seamlessly woven into the plot are keen insights into the arcane worlds of Wall Street and Marine Transport, plus an insider's colorful descriptions of both industries' favorite executive watering holes." - Wilbur L. Ross, Jr., Chairman & CEO, WL Ross & Co.

## **From the Author**

"I am truly grateful to have had the chance to write *The Shipping Man* and *Viking Raid*. The process has given me a unique opportunity to think seriously about the business of financing ships from the point of view of different participants - and to consider why the business of shipping, despite its considerable challenges, has been so alluring for so long."

## **From the Back Cover**

Combining a ship finance textbook with a jet setting geopolitical romp, *Viking Raid* picks up where *The Shipping Man* left off - on a journey into the famously private world of international shipping tycoons and their financiers.

At the conclusion of *The Shipping Man*, Robert Fairchild is sipping rosé on the Côte d'Azur with Coco Jacobsen and toasting to the success of their \$300 million junk bond offering; six months later the CEO is in the 120-degree engine room of a supertanker discharging two million barrels of Saudi crude oil - afraid for his job and afraid for his life.

Fortunes change quickly in the volatile world of international oil shipping and Fairchild knows that unless he can find another \$500 million soon his powerful Norwegian tanker tycoon boss will have little use for him.

When Robert convinces Coco to attempt an Initial Public Offering of Viking Tankers on Wall Street, the desperate American thinks his problems may have been solved - but the former hedge fund manager couldn't be more wrong.

Instead, Fairchild finds himself stuck between an American shale gas wildcatter and The Peoples' Republic of China in their competition for clean energy. Combining swashbuckling shipping adventure with corporate finance derring-do, Viking Raid puts Fairchild back at the table in the highest-stakes casino in the world - with more than just his deal at risk.

Fantastic

By John Konrad

Viking Raid is perfect for everyone from ordinary seaman to shipping industry tycoon to someone who just wants to a good weekend read. This riveting international maritime story has incredibly insightful information about shipping finance along the way, and I'm eagerly waiting the possible next installment of the Robert Fairchild series.

2 of 2 people found the following review helpful.

Viking Raid - my opinion

By Konstantinos T. Chryssoulis

Rather good book, semi-plausible script and characters (for those in the know of how things are happening in this particular sector). The previous book of the same author was better, so perhaps the next one for the profligate daughter or daughters of the most prominent shipowner in the world (any connection to Mr. John Fredriksen's family might be coincidental) might be better also.

A great follow up to The Shipping Man

By Alasdair Whyte

Matthew McCleery has cemented his place as the John Grisham of ship finance fiction with the Viking Raid. The book is extremely enjoyable both for industry insiders and people who want to know about the genuinely fascinating shipping business. Really brilliant.
